# Community Project Summer Assignment
# Investigating Phase

**Step #1**       Identify three community challenges that are of personal interest to you.

1.

2.

3.

**Step #2**       Research each of the challenges from step #1

**Challenge #1 (from step 1)**

1       Define the problem.

2        Who does the problem impact?

What actions are currently being taken to address this problem?

3       Are there any global connections?

4       What is the local impact of this problem?

5       What are the data/statistics that support this being a problem?

6       What are the sources you used to find this information?  Please be sure to include Author, web addressed (if you used the internet) and the date retrieved.  If it from an article be sure to include where it was published and when.  You must have at least three sources.

**Challenge #2 (from step 1)**

1       Define the problem.

2        Who does the problem impact?

3       What actions are currently being taken to address this problem?

4       Are there any global connections?

5       What is the local impact of this problem?

6       What are the data/statistics that support this being a problem?

7       What are the sources you used to find this information?  Please be sure to include Author, web addressed (if you used the internet) and the date retrieved.  If it from an article be sure to include where it was published and when.  You must have at least three sources.

**Challenge #3 (from step 1)**

1       Define the problem.

2        Who does the problem impact?

3       What actions are currently being taken to address this problem?

4       Are there any global connections?

5       What is the local impact of this problem?

6       What are the data/statistics that support this being a problem?

7       What are the sources you used to find this information?  Please be sure to include Author, web addressed (if you used the internet) and the date retrieved.  If it from an article be sure to include where it was published and when.  You must have at least three sources.
